

Name: _____

Hour: _____

Middle Ages: Mapping

1. _____ According to the map, what type of building was most common in Early Medieval Europe?
2. _____ What is the approximate distance from the Roman Amphitheater (older) and the Medieval wall (newer)?
- 2B. _____ How does that distance reflect the title of the map?
3. _____ What inference can be made about city planning when comparing the roads of the Romans (older) and those of the Medieval Europeans?

MAP 6.2 Non-Christian Pressures, Ninth and Tenth Centuries

1. _____ What types of location were most attacked by foreign forces?
2. _____ What group traveled the furthest in their conquests of the continent?
- 2B. _____ How far was that group's longest voyage?
3. _____ What inference can be made about the strength of the Roman empire, based on the fact that Europe wasn't conquered until 400 years after the fall of Rome?
